Doctor of Nursing Practice (DNP)

The Doctor of Nursing Practice degree program prepares master’s level nurses for the most advanced level of nursing practice. Courses are completed in a hybrid format, consisting primarily of online instruction with three weekends on campus per semester. Students remain active members of the workforce, applying the knowledge and skills they acquire in the classroom to their practice environments.

Program Highlights

- One year program (minimum 39 credits); 2 year part-time option available
- Dynamic learning environment
- Faculty members are experts in their fields
- DNP program is CCNE accredited

Admission Requirements

- MSN degree from a regionally accredited university
- RNs with a non-nursing Master’s degree will be considered
- National certification in a nursing specialty
- Official undergraduate/graduate transcripts (minimum 3.0 GPA)
- Statement of professional goals
- Resume
- Two letters of recommendation
- Active (unrestricted) RN License
- Current CPR (BLS) certification
- The GRE is not required
